Home > Panelboards > ReliaGear Lighting Panel > Pro-Stock Lighting Panel

Door within door 20" front with quarter turn locks for flush mounted ReliaGear lightings panels. Quarter turn locks are required for XT5 and XT6 panelboard configurations, but can be used with other applications as well. The door-in-door is convenient for contractors to gain easy access to equipment from the front of the panel. Door-in-door allows a contractor access to the gutters without removing the front.
